Process meta model   **MP0001 Define Process Model**
	ET0001
trigger to excel in business & life	

PR0004 — Understand modeling sphere & context — Process owner

	EC0002
notion of process sphere conceived	

	IP0001
Process area of interest	

	OP0002
Enterprise, organization or project name for process model	

	IP0003
process level layers: MP, PR or SP	

PR0005 — Understand multilayer process hierarchy — Process owner

	OP0004
adequate modeling process level	

	IP0005
predecessor process	

PR0006 — Understand process flow — Process owner

	OP0006
subsequent process	

SU0040	IP0041	PR0015	OP0042	CU0043
SUPPLIER	INPUT	Understand SIPOC notation for PROCESS design	OUTPUT	CUSTOMER

SU0028	IP0007	PR0007	OP0008	CU0029
Process Horizon	process modeling attributes	Define process with SIPOC notation — Process owner	SIPOC process diagram	Process Owner

SU0030	IP0009	PR0008	OP0010	CU0031
Process Horizon	process start & end	Enter process trigger & completion events — Process owner	events definition	Process Owner

SU0032	IP0011	PR0009	OP0012	CU0033
Process Horizon	process input & output requirements	Enter process input & output — Process owner	input & output definitions	Process Owner

SU0034	IP0013	PR0010	OP0014	CU0035
Process Horizon	source of input & receiver of output	Enter suppliers & customers — Process owner	suppliers & customers identification	Process Owner

SU0036	IP0015	PR0011	OP0016	CU0037
Process Horizon	process hierarchy & process sequence, information flow	Get Process Map — Process owner	visual end-to-end Process Map	Process Owner

SU0038	IP0017	PR0012	OP0018	CU0039
Process Horizon	comprehensive process information from repository	Get standard reports — Process owner	tailored process reports	Process Owner

SU0024	IP0019	PR0013	OP0021	CU0025
Process Horizon	modeling objects	Define process model cube — Process Horizon	defined process model cube	Process Owner
	IP0020			
	modeling objects relations			

SU0026	IP0022	PR0014	OP0023	CU0027
Process Horizon	process model objects data	Create 3D process model cube — Process Horizon	printed 3D process model cube	Process Owner
